

MINERA COMMUNITY COUNCIL

STATEMENT OF COMPLIANCE WITH s6 ENVIRONMENT (WALES) ACT 2016

Preamble

The legislation referenced above placed on all public authorities within Wales a duty to:

‘Seek to maintain and enhance biodiversity so far as is consistent with the proper exercise of their functions and in so doing promote the resilience of ecosystems.’

Statement

Minera Community Council is committed to the maintenance and enhancement of biodiversity throughout the communities of Minera, and will consider the impact on the environment of all of its activities and actions. Although Minera Community Council is small in terms of geographical presence and financial resource, we recognise that the natural environment within which the communities of Minera are located has significant ecological and historical value, and we will seek to preserve and protect this natural asset in collaboration and co-operation with other environmentally-focused organisations, and with the residents we represent.
