

MINERA COMMUNITY COUNCIL

MINUTES OF PROJECTS MEETING, 3 DECEMBER 2020

Held by telephone conference, commencing 1930 hrs

Present: Cllrs J Edwards (Chair), W Blaze, D Kelly, H Field, J Belton, A Roberts

Apologies for absence: Cllrs W Ollerhead, J Marsh, H Eustace

Clerk: Mr D Hinchliffe

1. To consider the conditions required for the release of retention monies held against project completion of the Minera play area renovations

Following a short discussion of the condition of the new equipment and the efforts of Play and Leisure to re-set grass mats and re-tension the zipwire ahead of WCBC being able to re-open the play area, it was proposed by Cllr H Field and seconded by Cllr W Blaze that the Clerk be authorised to organise payment to Play and Leisure of the remaining sum due for the works undertaken.

2. To review the status of the New Brighton kiosk project and determine next steps

Following a short discussion of the current situation with respect to quotations for the necessary works, together with uncertainties as to the condition of the paint and residual glass in the kiosk, the Clerk was asked to undertake research in an attempt to produce new quotations for presentation to a future Council meeting.

3. To review the status of the Local Places for Nature project and determine next steps

The Clerk updated the meeting that the garden was set to be ready to install before the end of July. A number of potential sites were discussed as alternatives to placing it within the school grounds, as had originally been envisaged. The Clerk therefore undertook to assess the suitability and availability of the various options tabled, and to keep Councillors advised of progress in selecting the final location.

There being no further business, the meeting closed at 8.10pm
